## WE NEED YOUR HELP!

## **Marion Road Gun Club is to host the Light Rifle Matches conducted by the National Highschool Rodeo Association – June 13<sup>th</sup> – 15<sup>th</sup>, 2022.**

The administrators and organizers of the matches have visited our range and asked that we host their light rifle match conducted as part of their event in Perry, Georgia the first two weeks in June. This is a high profile event and will bring national recognition to our club and I hope you'll volunteer to help!

The 100 yard Rifle Range will be utilized for the event and this is expected to take 3 days, ending on Wednesday the 15<sup>th</sup>, the Finals.

The **match setup** will happen on Sunday, June 12<sup>th</sup> in the late afternoon. The 100 yard rifle range will be in use for the next three days: Monday the 13<sup>th</sup> will be an "orientation & practice" day for the shooters. Tuesday is for the qualifying and elimination matches. Wednesday will be used for the Finals and Championship.

We will need some volunteers for the following: **Parking** directions (most of the GP range, the main parking lot and the shoulder of the roads to and round the pistol pit berms will be reserved for parking), **line controls** (the only people allowed forward into the shooter's area [50 yard line] are coaches and RSOs, no parents or spectators), maybe **scorers**, and finally one to two medically trained personnel to assist in case of an emergency. Anyone volunteering for this event and participating for at least 4 hours will receive work-day credit for their effort. Here is an excellent opportunity for certified RSOs (even if expired) and coaches and even regular shooting enthusiasts to participate in an event that encourages safe, fun shooting competition among young people.

If you can offer any assistance, please sign up by sending an email to [president@marionroad.com](mailto:president@marionroad.com) or call Kyle Turner at 415.572.7801.

## **Pistolseed Shoot! June 25<sup>th</sup>, 2022**

The Appleseed Project will host a Pistolseed Shoot on Saturday, June 25<sup>th</sup>, 2022. One of the two pistol bays will be occupied the entire day with this event.

If you wish to participate you will learn the basics of handgun safety, accuracy, and control. All the fundamentals needed to safely handle a handgun will be covered. This course is excellent training for both the beginning and experienced pistol shooter.

Skills taught include proper stance, sighting the target, trigger control, Natural Point of Aim, speed drills, and many other topics.

You need at least 250 rounds of ammo to complete this course. If using a semi-auto bring at least two magazines. If using a revolver bring a speed loader.

You may register online for this event at <https://goappleseednow.org/?event=macon-ga-pistol-clinic-june-25-2022-one-day>
